

Report: Ipswich - Clothes

Suburb / Node	Key Risk Category	Compliance Checklist / Metric	Requirements
Ipswich CBD	Textile Storage Chemical Treatment & Ventilation Risk	Fabric Storage Air-Exchange Velocity Log & Formaldehyde Product Screening	Provide continuous mechanical ventilation in fabric processing/bulk storage areas to manage off-gassing
Redbank	Textile Storage Chemical Treatment & Ventilation Risk	Fabric Storage Air-Exchange Velocity Log & Formaldehyde Product Screening	Provide continuous mechanical ventilation in fabric processing/bulk storage areas to manage off-gassing
Rosewood	Textile Storage Chemical Treatment & Ventilation Risk	Fabric Storage Air-Exchange Velocity Log & Formaldehyde Product Screening	Provide continuous mechanical ventilation in fabric processing/bulk storage areas to manage off-gassing
Springfield	Textile Storage Chemical Treatment & Ventilation Risk	Fabric Storage Air-Exchange Velocity Log & Formaldehyde Product Screening	Provide continuous mechanical ventilation in fabric processing/bulk storage areas to manage off-gassing
Springfield Central	Textile Storage Chemical Treatment & Ventilation Risk	Fabric Storage Air-Exchange Velocity Log & Formaldehyde Product Screening	Provide continuous mechanical ventilation in fabric processing/bulk storage areas to manage off-gassing
Wacol	Textile Storage Chemical Treatment & Ventilation Risk	Fabric Storage Air-Exchange Velocity Log & Formaldehyde Product Screening	Provide continuous mechanical ventilation in fabric processing/bulk storage areas to manage off-gassing
