

Report: Sunshine Coast - Groceries

Suburb / Node	Key Risk Category	Compliance Checklist / Metric	Requirements
Beerburrum	Commercial Organic Waste Diversion & Cold Chain Log Risk	Inedible Waste Sorting Frequency & Fridge Temperature Sensor Validation	Maintain fridge parameters at a baseline average of 3°C and separate organic waste streams
Beerwah	Commercial Organic Waste Diversion & Cold Chain Log Risk	Inedible Waste Sorting Frequency & Fridge Temperature Sensor Validation	Maintain fridge parameters at a baseline average of 3°C and separate organic waste streams
Elimbah	Commercial Organic Waste Diversion & Cold Chain Log Risk	Inedible Waste Sorting Frequency & Fridge Temperature Sensor Validation	Maintain fridge parameters at a baseline average of 3°C and separate organic waste streams
Eudlo	Commercial Organic Waste Diversion & Cold Chain Log Risk	Inedible Waste Sorting Frequency & Fridge Temperature Sensor Validation	Maintain fridge parameters at a baseline average of 3°C and separate organic waste streams
Glass House Mountains	Commercial Organic Waste Diversion & Cold Chain Log Risk	Inedible Waste Sorting Frequency & Fridge Temperature Sensor Validation	Maintain fridge parameters at a baseline average of 3°C and separate organic waste streams
Landsborough	Commercial Organic Waste Diversion & Cold Chain Log Risk	Inedible Waste Sorting Frequency & Fridge Temperature Sensor Validation	Maintain fridge parameters at a baseline average of 3°C and separate organic waste streams
Mooloolah	Commercial Organic Waste Diversion & Cold Chain Log Risk	Inedible Waste Sorting Frequency & Fridge Temperature Sensor Validation	Maintain fridge parameters at a baseline average of 3°C and separate organic waste streams

Suburb / Node	Key Risk Category	Compliance Checklist / Metric	Requirements
Nambour	Commercial Organic Waste Diversion & Cold Chain Log Risk	Inedible Waste Sorting Frequency & Fridge Temperature Sensor Validation	Maintain fridge parameters at a baseline average of 3°C and separate organic waste streams
Palmwoods	Commercial Organic Waste Diversion & Cold Chain Log Risk	Inedible Waste Sorting Frequency & Fridge Temperature Sensor Validation	Maintain fridge parameters at a baseline average of 3°C and separate organic waste streams
Woombye	Commercial Organic Waste Diversion & Cold Chain Log Risk	Inedible Waste Sorting Frequency & Fridge Temperature Sensor Validation	Maintain fridge parameters at a baseline average of 3°C and separate organic waste streams
